I just wanted to remind you about the current power grab taking place in April/May and June this year in Geneva by the WHO and their “partners”.

The International Health Regulation amendments and the so-called “Pandemic Treaty.”

Here are some resources, hoping that you can share and spread through your network and readers.

WHO POWER GRAB: International Health Regulation amendments and the so-called “Pandemic Treaty.”

The International Health Regulations are existing, legally-binding international law. If the proposed amendments are presented to the 76th World Health Assembly, they could be adopted by a simple majority of the 194 member nations. According to the already agreed upon rules of the IHR, if the proposed amendments are adopted, the member nations would not need to take any additional actions. No signatures by national leaders would be needed.

The proposed amendments would:

1. Change the overall nature of the World Health Organization from an advisory organization that merely makes recommendations to a governing body whose proclamations would be legally-binding. (Article 1)
2. Greatly expand the scope of the International Health Regulations to include scenarios that merely have a “potential to impact public health.”
3. Seek to remove “respect for dignity, human rights and fundamental freedoms of people.” (Article 3)
4. Give the Director General of the WHO control over the means of production through an “allocation plan for health products” to require developed states parties to supply pandemic response products as directed. (Article 13A)
5. Give the WHO the authority to require medical examinations, proof of prophylaxis, proof of vaccine and to implement contact tracing, quarantine and TREATMENT. (Article 18)
6. Institute a system of global health certificates in digital or paper format, including test certificates, vaccine certificates, prophylaxis certificates, recovery certificates, passenger locator forms and a traveller’s health declaration. (Articles 18, 23, 24, 27, 28, 31, 35, 36 and 44 and Annexes 6, 7 and 8)
7. Redirect unspecified billions of dollars to the Pharmaceutical Hospital Emergency Industrial Complex with no accountability. (Article 44A)
8. Allow the disclosure of personal health data. (Article 45)
9. Greatly expand the World Health Organization’s capacity to censor what they consider to be mis-information and dis-information. (Annex 1, page 36)
10. Create an obligation to build, provide and maintain IHR infrastructure at points of entry. (Annex 10)

The 76th World Health Assembly is scheduled to occur from Sunday May 21, 2023 to Tuesday May 30, 2023.

They make noise, a lot of noise to deflect our attention while they implement their coup.

Already in March 2024 the State of Louisiana voted against the WHO power grab. SB 133 states the WEF, the UN, and the WHO shall have no jurisdiction in Louisiana. This bill passed the Louisiana State Senate unanimously.

And Louisiana is not alone to take measures against the coup implemented by the WHO, UN and WEF.

'Misleading' Letter Urges Support for Pandemic Treaty, as Louisiana Becomes First U.S. State to Reject WHO Power Grab

More than 100 former world leaders and public figures urged WHO member states to finalize a new "pandemic accord," which the leaders said does not threaten nations' sovereignty, but critics called the letter misleading because it doesn't address the proposed amendments to the International Health Regulations.
